MAY DISAPPROVE BURNETT BILL

President Said to Oppose
Literacy Test Feature.

GIVES COMMITTEE OPINION

Chief Executive Is Quoted as Taking
View That Literacy Is Not a Test
of Character and Believes Other
Means Should Be Found to Bar Un-
desirable Aliens From United States.

Washington, Feb. 17.—President
Wilson will veto the Burnett immigra-
tion bill if it comes to him for signa-
ture with the so called literacy test
contained in it.

This became known from an author-
itative source after Senator Ellison
D. Smith, chairman of the senate im-
migration committee, had announced
that the bill virtually as it passed the
house, including the literacy test,
will be reported favorably to the sen-
ate soon.

Prospects are that the bill will pass
the senate as reported from the com-
mittee, but the measure never will be-
come law, according to close friends of
the president. The president does not
consider literacy a test of character
and believes some other means should
be devised to prevent undesirable
aliens from entering the United
States.

He told callers that he had given
his view to the senate committee and
had left it to them to make it public
or not as they chose.

Literacy Test Will Remain.

Senator Smith made known the de-
cision of the committee not to elimi-
nate from the measure the literacy
test, which would bar from entry all
aliens more than sixteen years old
who cannot read the English language
or some other language or dialect, in-
cluding Hebrew or Yiddish.

Asiatic exclusion, much agitated in
the house, will not be considered by
the committee.

It became known, also, that sug-
gestions with reference to Chinese
and Japanese immigration made to
the house committee on immigration
Friday by Commissioner General Cam-
inetti of the immigration bureau are
not in accord with the views of the
president.

Mr. Caminetti's views were express-
ed without previous knowledge by
the White House. The Burnett bill
contains no Asiatic exclusion provisions,
the house having voted down all
amendments in that direction.

CARRYING OUT AGREEMENT

Syndicate Forms to Take Over "Wire
Trust" Stock.

New York, Feb. 17.—For the pur-
pose of underwriting Western Union
Telegraph company stock to the
amount of nearly \$30,000,000, now
owned by the American Telephone
and Telegraph company, a syndicate,
at the head of which is Kuhn, Loeb &
Co., has been formed, according to
announcement made.

Details of the plan have not been
made public, but it is understood it
is designed to carry out the agreement
reached recently between the depart-
ment of justice and the American
Telephone and Telegraph company,
providing for the segregation of the
interests of the Western Union and
the American Telephone and Tele-
graph company. It is the intention
of the syndicate to underwrite the stock
to present shareholders of the West-
ern Union company.

DECLARES PENALTY INVALID

Ramsey County Judge Deals Blow to
Abatement Law.

St. Paul, Feb. 17.—"No reasonable
necessity exists for such a startling
departure from constitutional prin-
ciples."

With these words Judge Dickson in
a decision handed down held the con-
fiscatory clauses of the Minnesota
abatement law unconstitutional. The
decisions were rendered in three
cases brought last month under the
new statute by the state through R.
S. Wilcox.

Judge Dickson holds that the
clauses requiring the building found
to have been used as a disorderly
house to be closed for a year is un-
constitutional. He holds similarly in
portions of the law requiring the as-
sessment of a \$300 fine and the sei-
zure of the musical instruments and
other furniture for sale at public auc-
tion.

boy?"

"Yes, but I have had occasion sev-
eral times to fear that he might not be
wholly satisfied with me."—Chicago
Record-Herald.

GETS INCOME OF \$70,000

This Is Mrs. Longworth's Share of
Grandmother's Estate.

Cambridge, Mass., Feb. 17.—Mrs.
Alice Roosevelt Longworth's share in
the estate of her grandmother, Mrs.
Caroline Heskell Lee, is the income
of a trust fund of \$70,000, it was an-
nounced when Mrs. Lee's will was ad-
mitted to probate. The estate was
appraised at \$422,000.

ATTORNEY HINTS AT SENSATIONS

Prosecution in Graft Trial
Has New Witness.

MAY GO ON STAND AGAIN

Woman Who Pleads Not Guilty to
Charge of Perjury in Her Testimony
During Present Case at St. Paul Ap-
pears in Court and Asks for Permis-
sion to Change Her Evidence.

St. Paul, Feb. 17.—Sensational de-
velopments are expected in the Flana-
gan-Turner graft trial. County At-
torney O'Brien said he will produce
a witness in rebuttal to testimony
given by the two defendants relative
to their trip to Milwaukee last No-
vember with William B. Miller, for-
mer court officer and license inspec-
tor.

The county attorney expects this
witness to corroborate alleged state-
ments made by former Chief Flana-
gan and former Detective Turner
in the presence of Miller before and
during the Milwaukee trip. A re-
port was circulated in the courtroom
that Miller will be the witness. The
county attorney would not confirm
the report. He did not deny it.

In the cross examination of the de-
fendants O'Brien referred to these al-
leged statements concerning the trip:
That before leaving Turner told
Miller and Flanagan "Coplovich has
been arrested and is squealing on us."
That on the way to Milwaukee Flana-
gan told Turner "Hazzard has cough-
ed up."

That while in Milwaukee Turner
telephoned to his wife in St. Paul and
told her he was coming home "be-
cause they were not looking for him."

County Attorney Confident.

O'Brien appeared confident he will
be able to submit evidence substan-
tiating the questions he asked. He
said his evidence was not obtained
through the use of a dictagraph nor
through the Burns' detectives. The
testimony of the witness, whose name
he prefers to keep secret, concerning
the alleged conversation will have
more weight than a dictagraph record,
O'Brien said.

Emma Brown, who entered a plea
of not guilty in Judge Orr's court to
the charge of perjury in her testimony
in the present graft trial, preferred
by the grand jury, and who was re-
leased on \$1,000 bail, appeared in
court shortly before her arraignment
and asked permission to change her
testimony in the graft case. She said
she had made a mistake in testifying
that Flanagan never visited her place.
It is believed she will take the stand
again as soon as the defense has rest-
ed its case and correct her testimony.

Flanagan on the stand admitted he
had visited Emma Brown's place in
company with Willie Wolff and told
meeting Anna Clark and Woodie
Burke there. The three last named
witnesses have testified Flanagan was
at the Brown woman's place in Jan-
uary, when Wolff said he paid Flana-
gan \$750 from the Ida Dorsey deal.

ADMITS MURDERING FATHER

Boy Says He Committed Crime at
Mother's Request.

Hurley, Wis., Feb. 17.—When Frank
Terrell was given a preliminary hear-
ing here on a charge of striking his
mother with a club and the butt of a
revolver he testified that he had killed
his father five years ago at his moth-
er's request. The woman was arrest-
ed in the courtroom charged with murder.

Terrell's statement came at the
close of a grueling examination. He
said that the trouble between him and
his mother started after he had killed
his father, known as "Black Joe" Ter-
rell.

When arrested Young Terrell had
a 44-caliber revolver and a club. Two
more clubs and another revolver were
found in his room, the police said.
He was bound over to the circuit
court.

BRITON SLAIN; MONEY GONE

Found Lying With Head Split Open
in Mexican Saloon.

El Centro, Cal., Feb. 17.—Charles
Gale, a British subject well known
in the gold camps of Alaska and Ne-
vada, was found murdered in his sal-
oon at Mexicali, Lower California.
Diamonds and cash amounting to \$10,
000 had been stolen. Gale's head had
been split with an axe as he lay in
bed. Gale went to Mexicali, opposite
Calxico, before the first Madero revo-
lution.

MRS. ELLA F. YOUNG.

Insists on Paying Income
Tax Despite Exemption.

BOUND TO PAY INCOME TAX

Mrs. Young Refuses to Take Advan-
tage of Exemption.

Chicago, Feb. 17.—Although notified
that, as an employee of a subdivision
of the state, she was exempt from the
federal income tax, Mrs. Ella Flagg
Young, superintendent of schools here,
scheduled her \$10,000 income and in-
sisted on paying 1 per cent on \$5,000.

INTENDED TO BRING HIM INTO DISREPUTE

Senator Gore Gives His View
of Damage Suit.

Oklahoma City, Feb. 17.—Denounc-
ing the allegation as an "infamous lie,"
United States Senator T. P. Gore
from the witness stand in the district
court here declared that charges of
improper conduct, the basis of the
\$50,000 damage suit on trial, were the
invention of a coterie of disappointed
officeholders intended to bring him
into disrepute and wreck his chances
for renomination at the primaries in
Oklahoma next August.

Mrs. Minnie E. Bond, plaintiff in
the suit, alleges that Senator Gore at-
tacked her at a Washington hotel
March 24 last.
"I knew that they had 'framed up'
on me," Senator Gore told the jury.
"I told Dr. Earp when he called at my
office on the day following the occur-
rence that I would see them in hell
before I would make terms with them.
At no time, either in my office or in
the hotel, did I ever offer Mrs. Bond
any improprieties or attempt to take
advantage of her."

Dr. J. H. Earp of Oklahoma City
was a witness for the plaintiff.
Senator Gore was a willing witness
and seemed unperturbed. Mrs. Gore
sat with the counsel of the senator
and from time to time whispered sug-
gestions.

AUTO LEAPS FROM ROADWAY

Kills Civil War Veteran and Injures
Five Other Persons.

Los Angeles, Feb. 17.—A great gray
racer, picking its course for the Van-
derbilt cup race Saturday, leaped from
the road near the National Soldiers'
home at Sawtelle, killed a veteran of
many battles and injured five other
persons.

Louis G. Smith, Civil war veteran,
sixty-nine years old, was almost in-
stantly killed.

The only explanation available was
that Lewis lost control of his car as
it swept along the Santa Monica
course, nearing the sea.

TAKE NEGROES FROM TRAIN

Lynchers Spare One on Pleadings of
the Other.

Hernando, Miss., Feb. 17.—Stopping
an Illinois Central passenger train in
the woods near Love Station, Miss.,
fifty masked men held passengers and
members of the train crew at bay
under cover of revolvers while they
forced Sheriff E. F. Nichols of De
Soto county to turn over to them
Johnson McGuirk and Bill Phillips,
negroes accused of wounding J. K. In-
gram, a wealthy mill owner near By-
halia, Miss., several weeks ago.

When the sheriff and his two pris-
oners disembarked the mob permitted
the train to proceed, while they march-
ed the handcuffed negroes to the trestle
where preparations were being
made to lynch both, but the pleadings
of Nichols in behalf of Phillips,
against whom it is stated the evidence
is slight, were effective and he was re-
turned to the sheriff. A rope was
placed around McGuirk's neck and he
was forced to leap from the bridge.
The mob then dispersed.

The negroes were being brought to
Hernando from Batesville, where they
had been taken at the time of their
arrest to escape mob violence, for
preliminary hearing.

PHILIPPINE BILL TO BE TAKEN UP

Advocates of Independence Sure
Measure Will Pass.

CONSTITUTIONAL CHANGES.

Seven of the Eighteen Members of Ju-
diciary Committee Favor Amend-
ment to Make Alterations Easy.
Randell Earnest in His Plea For
Anti-Divorce Act.

By ARTHUR W. DUNN.

Washington, Feb. 17.—[Special.]—
One important declaration of the Dem-
ocratic national platform has not yet
been taken up, that relating to Phil-
ippine independence. Chairman Jones
of the house committee on insular af-
fairs has not been in good health and
that is one reason for the delay. Dur-
ing the long extra session of congress
which was devoted to the tariff and
currency it was determined not to
take up any of the big questions
such as Philippine independence, the
trust question and other matters which
will be considered before this session
adjourns.

There is not much encouragement
given to those who favor Philippine in-
dependence, although it is believed
that a bill granting it will pass the
house at some fixed period—not abso-
lute independence, but that a protec-
torate of some sort will be maintained.
Both the president and Secretary Bry-
an are earnestly in favor of such a
measure, which ought to insure its
passage. The debate in the senate,
however, may be protracted to such
extent as to prevent any action.

Making Progress.

Seven of the eighteen members of
the senate judiciary committee joined
in minority reports favoring an amend-
ment to the constitution which will
permit it to be amended more easily
than at present. Senator Cummins of
Iowa introduced a resolution which
provides that amendments may be in-
troduced in the states and that only a
majority, instead of two-thirds of con-
gress, shall be necessary to put such
amendments through congress. A few
years ago such a proposition would
have received no consideration.

It is almost on a par with the in-
dorsement of Senator Shafroth's re-
solution to amend the constitution so as
to have the inauguration the first week
in January and also fix that as the
time for beginning regular sessions of
congress.

Always Provokes Talk.

Once raised the race issue in either
the senate or house and there is sure
to be a long drawn out debate on the
subject. Southern senators are tena-
cious in their view that the southern
people can best handle the negro ques-
tion.

There are many members of the sen-
ate, old line Republicans, those in
whom the idea of equal rights was
deeply implanted many years ago, who
raise the question of the treatment of
colored people in the southern states.
They never fail to get replies from
southern men.

Many Different Languages.

Congressman Metz of New York,
speaking on the immigration law and
opposing the literacy test, said:

"We had one school on the island of
Manhattan where the children spoke
twenty-nine different languages, and
the only foreign tongue spoken in that
school was English." And when the
members of the house laughed he said,
"That is a fact."

He went on to explain that those
children would not have been in the
United States under the provisions of
the proposed immigration law.

Trying to Stop Divorce.

Senator Ransdell of Louisiana has
taken up the subject of divorce with
an earnestness that may bring suc-
cess in later years. Heretofore those
who have been trying to amend the
constitution of the United States in
this respect have contented themselves
with providing that congress shall have
the power to legislate for uniform mar-
riage and divorce laws. Senator Ran-
sdell proposes to prevent divorces of
any kind whatever. He is a man who
keeps at anything when interested, and
he will keep stirring up this subject
for the next few years.

The "Judges" Are Here.

President Wilson in talking about
proposed Panama canal legislation, re-
ferred to "Judge" Adamson. The pre-
sident was simply falling into the ver-
nacular which has become general
since the Democrats gained ascendancy
in the house. Any member of the
house who is a lawyer of any impor-
tance is almost sure to be styled
"Judge." So firmly fixed has the habit
become that any man whose name is
not known, but who has a speaking
acquaintance with the southern Demo-
cratic members, will be addressed as
"Judge."

Kindel's Specialty.

Congressman Kindel comes from Col-
orado, and a number of people were
trying to get a line on his views re-
lative to a subject in which the west
is greatly interested. A reply was
finally made which stated: "Kindel
may know all about parcel post, but
he doesn't take an interest in anything
else." It is a fact that Kindel has
made a specialty of the parcel post
business. He is trying in every way
to have the parcel post law changed
so as to secure better results.

Bridgeport, Conn., Feb. 17.—State's

slaughter indictments against five of-
ficials of the New York, New Haven
and Hartford railroad, but refused to
quash the indictment against former
President Charles S. Mellen.

The wreck occurred at Westport,
Conn., Oct. 3, 1912, in which seven
persons were killed.

SUDDEN CHANGE OF GALE SAVES VESSEL

Driven Off Dangerous Posi-
tion on Rocky Shoals.

Gayhead, Mass., Feb. 17.—For six
hours the Fabre Steamship com-
pany's liner Roma, with more than
400 passengers and a crew of 100,
from Marcellus for Providence and
New York, was reported in a precar-
ious condition on the rocky shoals of
No Man's Land.

A message was picked up saying
the vessel had floated and was pro-
ceeding to Providence. This was con-
firmed by a later message to the naval
radio station at Newport.

Conditions for wireless work were
poor and details of the accident were
lacking. But from messages sent by
the Roma's radio there seemed to be
no grave concern on the part of Cap-
tain Comberous for the safety of the
ship or passengers.

The Roma struck on the southerly
side of the bleak little island during
a blizzard which at that time was
central over Nantucket, a few miles
away. The gale was from the north
east and later backed into the north
west, piping up over a mile a minute.
The direction of the gale, it is be-
lieved, was the salvation of the steam
ship.

MILLER RUNS FOR SENATE

North Dakota Attorney General For-
mally Enters Race.

Bismarck, N. D., Feb. 17.—Alfred
Zuger, for five years assistant attor-
ney general, made formal announce-
ment of his candidacy to succeed At-
torney General Andrew Miller.

Mr. Miller followed with a state-
ment that he had fully decided to en-
ter the race for the United States sen-
atorship and that his formal announce-
ment was thus made.

Two avowed candidates for the sen-
atorship, Miller and Senator Gronna,
are now in the field and it is expect-
ed that President Worst of the agri-
cultural college will become a candi-
date.

Los Angeles, Feb. 17.—Flying 800
feet above two mountain ranges Silas
Christofferson completed here a flight
which started a week ago in San
Francisco.

Rising at Bakersfield, where he was
halted last Wednesday by a weak en-
gine, Christofferson, in a biplane
equipped with a hundred horse power
motor, flew over the Tehachapi and
Coast range of mountains, accomplish-
ing a feat that foiled Kearney and
Fowler, two aviators who attempted
it two years ago.

CASUALTIES ARE UNKNOWN

Two Passenger Trains Collide on the
Frisco Line.

Springfield, Mo., Feb. 17.—Scores of
persons were reported injured, some
probably mortally, in the collision of
two Frisco passenger trains at Nich-
olls Junction, four miles west of here.
Later reports from the scene of the
wreck said that the engineer and fire-
man of No. 8 and several passengers
had been killed.

The trains were No. 8, running from
Kansas City to St. Louis, and No. 104,
running from St. Louis to Kansas
City.

Two coaches were reported to have
turned over in a ditch.
A relief train has been sent.

WOMEN PROPOSE TO FIGHT

Say They Will Defeat Election of
Three Democrats.

Philadelphia, Feb. 17.—"Congress
won't give women the ballot until they
make them do it. The Demo-
crats are in control with a slim ma-
jority in the senate. We are going
to defeat Senators Smith of Arizona,
Chamberlain of Oregon and Thomas
of Colorado for re-election to point
the moral that women have power."

This was the declaration of Mrs.
Rheta Childs Dorr, editor of the Suff-
ragist, which recently criticized the
policy of the National Association of
Woman Suffrage. The three senators
named are the only Democrats who
will come up for re-election this year
in the ten suffrage states where
there will be elections.

SOLVES RADIUM PRODUCTION

Company Will Market 12 to 15 Grams
This Year.

Washington, Feb. 17.—Federal in-
terference in the radium industry as
proposed in pending bills was attacked
as "paternalistic government, of-
fensive to 99 per cent of the people
of the West," by William H. King,
former member of congress from
Utah, before the senate mines com-
mittee.

Mr. King appeared for the American
Radium company of Pennsylvania,
which, he said, had solved the prob-
lem of radium production within the
last few months and would put twelve
to fifteen grams on the market this
year.

The candidacy of A. R. Hunt, of Litchfield, a well known lawyer and author of several books on law subjects, has been announced for associate justice of the state supreme court, in opposition to Judge Bunn who was appointed to the supreme court to fill vacancy.

It is quite probable that Walter J. Smith, the popular state treasurer who has filed as a candidate for the place, will have no opposition for renomination. He has held the position two terms and his business like administration of the office will undoubtedly secure him another.

The police department of Superior has given orders that no more news be given the Telegram from that source, and as a consequence the people of Superior are learning a lot of things about the naughty doings of city life in their midst that they never dreamed of before the chief put the lid on the police blotter. Possibly the "news" gathered outside will be as interesting to the force as it is to the public, and it will be much more to the point.

The newspapers that shout the loudest against catalogue houses are the ones that will be found circulating the "magazine" supplements in which is carried the department store advertising for which the publisher of the country paper does not get one cent. These magazines are furnished free to the publisher and for the privilege he gives the magazine publisher the benefit of his circulation and puts one of the advertising pamphlets into every home reached by his own paper. Consistency is a rare jewel.

RESOLUTION
To Members of Brainerd City Council,
Dear Sirs:
Whereas, the citizens of Brainerd are desirous of securing the service of gas, it being a modern convenience, and
Whereas, it has been fully demonstrated that municipal ownership of all public utilities is the only logical manner in which a commodity commonly used by a community should be supplied, and
Whereas, the city council refused by a 6 to 4 vote to allow the people to decide the question of ownership at the special election, therefore
Be it resolved that we, the members of the Pnc City Lodge No. 116 of Boilermakers and Iron Ship Builders of America, hereby go on record as favoring a municipal gas plant, and
Be it further resolved that we enter our emphatic protest against the dictatorial conduct of our six aldermen in attempting to decide this question of public importance, and
Be it further resolved that we demand of our city council that they submit this matter to the people and that they be governed solely by express wish of the people in all matters of granting rights pertaining to public welfare, and
Be it further resolved that a copy of this resolution be sent the City Council and a copy to the daily and weekly papers.
J. L. ELLIS, President.
L. A. RIFENRATH, Secretary.

STATUS OF THE GAS FRANCHISE

An Appeal to the Third and Fourth Wards Blocked by Action of Socialist Local

APPEAL TO CITY AT LARGE

Such a Course is Blocked by the Last Plank in the State Socialist Platform

The numerous petitions signed and the private expression of opinion of many residents of Brainerd is evidence in a way that the gas franchise passed by the council is very favorably thought of by the citizens of Brainerd.

The Booster club after listening to Mayor Henning who spoke against the franchise and P. B. Nettleton who championed the franchise, voted strongly in favor of the gas ordinance.

The Commercial club, at a regular meeting, voiced itself as in favor of the gas ordinance.

It is maintained by many lawyers of the city that the franchise became a law without the signature of the mayor and that his veto was some days too late and so of no effect.

It is said an appeal was to be made to the third and fourth wards, as suggested by Alderman Haake of the third ward, but that before action could be taken the socialist local held a meeting and instructed against such procedure. With such action taken, mass meetings in the wards would be of no avail, for the socialist aldermen would vote as the local dictated and not as the people wished.

Mayor Henning has spoken of an appeal to the city at large to express an opinion. This course is now not available. The last section of the platform of the socialist party, as adopted in Brainerd reads distinctly: "The socialist when in office shall always and everywhere, until the present system is abolished, perform all duties and acts in the interest of the class they represent."

In the final test on any measure or action, a socialist is bound to represent, NOT THE PEOPLE at large, but the SOCIALIST PARTY.

The crux of the situation is this in Brainerd: "Do the people want the socialist local and the socialist party to dictate the municipal policy of Brainerd?"

FARMER BOY IS STRANGLED

Special by Phone to Dispatch:

St. Mathias, Minn., Feb. 17—Playing with two comrades in a barn this afternoon at the home of his parents, young Rudie Klapek, aged 13, pulled off some Wild West stunts before his admiring boy friends. His rope caught and strangled him. The lads did not cut him down until too late, imagining this was part of the stunt. They laid him on the floor and then did not give the alarm for some time, as they thought he was shamming sleep.

Rudie was the son of Mr. and Mrs. William Klapek, tenant farmers on land in section 33, St. Mathias, Crow Wing county, owned by Dr. J. H. Newman, of Little Falls.

BREAKS HIS LEG

Dr. R. A. Beise Meets With Painful Accident at Barrows While Calling on Patient

Dr. R. A. Beise, while calling on a patient at Barrows Monday evening, slipped on an icy porch and broke his leg above the ankle. The injury is very painful. He was brought to Brainerd in his car and is now resting as well as can be expected.

His many friends are very sorry to hear of the accident and hope he will soon recover. There was considerable swelling of the leg last night. After a few days the doctor will be able to attend to office work and consultation and even today the doctor showed his grit and answered the many telephone calls which poured in.

GOLDEN JUBILEE OF THE PYTHIANS

To be Celebrated Thursday Evening, February 19, by White Cross Lodge No. 30

SONG, MIRTH AND LUNCHEON

Pythians Organized in Washington, D. C., in 1864 and Now Fifty Years Young

The "Golden Jubilee" of the order of the Knights of Pythias will be appropriately celebrated by White Cross Lodge No. 30, at their castle hall on Thursday evening, February 19 by a program embracing song, mirth and something to eat. In a circular letter Frederick S. Atwood, Grand Chancellor of the Grand Lodge Knights of Pythias, Domain of Minnesota, calls attention to the importance of the event and urges that a fitting celebration be held in every castle-hall in the jurisdiction of Minnesota.

He states: "During the past half-century the order has grown from thirteen members to over 750,000 in good standing on January 1st, 1914 and is still growing. Who can estimate the vast amount of practical good which such an aggregation of noble-hearted and chivalric men have accomplished? Who can number the tears of widows that have been dried, the sighs and cries of orphans and the fears of the aged that have been met and hushed by the gentle ministrations of the members of this order?"

"Who can number the young men whose feet have been turned from the paths of dishonor and shame and whose lives have been saved for righteousness and true citizenship by the sublime teachings and practical lessons of Pythian Knighthood?"

He then urges all Knights to assist in making the jubilee a fitting celebration for a great order and the starting-point for another half-century of greater usefulness, a larger and broader fraternalism and a more efficient and aggressive campaign for the cause of suffering humanity.

The Average Man.

"Pa, what is meant by the average man?"

"The average man, my son, is a person who is waked up every morning by an alarm clock, eats his midday meal on a stool, catches a trolley car to go home and never displays the slightest interest in the price of automobile tires."—St. Louis Republic.

GIVE THAT PUNY CHILD THIS GUARANTEE REMEDY

If your child is under-weight, listless, ailing, liable to get sick easily, it needs a medicine to build its weight and strength. For this purpose there is nothing else we know of that we can so strongly endorse as Rexall Olive Oil Emulsion. The remarkable success of this splendid medicine is due to the fact that it contains ingredients that tone the nerves, enrich the blood and furnish to the entire system the strength, weight and health-building substances it needs. And, it does all this without injuring the stomach. In fact, Rexall Olive Oil Emulsion is not only pleasant to take, but even the most sensitive stomach is benefited by it, and the digestion improved. On the other hand, it contains no alcohol or drugs, which most parents object to giving their children. It does its good work by taking hold of the weakness and builds the body up to its natural strength, at the same time making it strong to resist disease.

If Rexall Olive Oil Emulsion doesn't build your child up, feed the stunted, puny muscles, and make the little one lively, strong, well, and full of the animal spirits children are meant by nature to have, come back and tell us and get your money back. We don't want you to lose a cent. We think this is no more than fair, and it leaves you no cause to hesitate. For old people also—for convalescents—for all who are nervous, tired-out, run-down, no matter what the cause—we offer Rexall Olive Oil Emulsion with the same guarantee of entire satisfaction or money back. Sold only at the 7,000 Rexall Stores, and in this town only by us. \$1.00—Johnson's pharmacy.—Advt.

G. A. R. POST AND CIRCLE

New Members Initiated Saturday, Followed by Short Program in Honor of Lincoln's Birthday

On Saturday, February 14, at the meeting of the J. C. Congdon Circle, No. 89 Ladies of the G. A. R., after the initiation of several new members a surprise was in store for the members of the Circle and G. A. R. consisting of a short program in honor of Lincoln's birthday.

Lincoln's Gettysburg address was given by Sadie Fox in a very pleasing manner, as was also a recitation entitled, "His Name," by Opal Fox and the "Unveiling of Lincoln's Picture" by Roy Fox.

Commander Fox gave a short address in which he praised the work of the teachers in the Brainerd schools in teaching patriotism. Comrade Martin also recited a short poem in a feeling manner, followed by appropriate remarks also praising our schools in their patriotism and love for the flag and all it stands for. The president then read a selection which showed Lincoln's belief in the power of prayer.

After the close of the meeting all gathered in the dining room to partake of a light lunch and all returned to their homes feeling it was good to have been present.

JOE GRAVES HAS LANDED

Young Chippewa Indian Pitcher Gets Enconiums all Around the Baseball Circuit

FIRST PUBLICITY BY DISPATCH

New York Gets Wise to What Brainerd Knew Last Summer, That Graves Was a Winner

Publicity in big bunches was handed young Joe Graves when he pitched in Ed. Rogers Indian team which played in Brainerd last summer. On several occasions the Brainerd team hired young Joe to pitch for them and his excellent delivery won praise.

At different times, said Ed. Rogers, the Indian team gave Joe as much as \$10 for his services in pitching the Chippewa team to a victory. Now Joe has signed a contract at \$150 a month with Connie Mack and will report March 1 at Jacksonville, Florida for practice.

While Brainerd and Walker and the Cuyuna range were boosting Joe Graves and the writer sent pictures of Joe to all the papers and reams of laudatory stories which in some cases were refused by the very papers which are now shouting for Joe. Connie Mack got his weather eye on young Graves and signed him up.

Now the east has discovered Joe, as witness this story from the Duluth Herald:

A special dispatch to the Herald from New York says eastern baseball men are speculating as to whether Connie Mack had picked up another sensation in the Indian Graves, the young Chippewa brave, who has been signed upon the recommendation of Ed. Rogers, the former Carlisle and Minnesota football star.

The Herald dispatch says:

"They say Graves is a wonder. He is 18 years of age, stands six feet one in his stocking feet, and is said to possess all of the qualifications of a great pitcher. Baseball men here are wondering if the Mack luck will hold good in the case of his latest recruit."

If Graves makes good for Connie Mack the baseball world will be set wondering if Brainerd, Minn., is the haven of wonderful baseball talent. First there was the Indian Bender. This wonder, the enigma of batters the land over, came from Brainerd, or the immediate environs. Like Joe Graves, Bender is also of the Chippewa tribe. Bender possesses all of the cunning of the aborigine. Now the baseball world is beginning to wonder if this young Graves can be moulded into a star of the slab.

First came Bender. Then came Leslie Bush—now comes Graves. We wonder, all of us, what kind of baseball material they have up around Brainerd. Most cities and towns are hugely elated if one star of the athletic world registers with the home town after his name. Here Brainerd has had two of the great stars of baseball and now enters Joe Graves, stolid, mysterious and stoical, and the baseball world waits the verdict that will be reached up in the big show.

George Reid, a newspaper man, president of Minn. Central Ry. Co., called the attention of Darby O'Brien to Graves. The Dook made valiant but unsuccessful efforts to land the redskin. Old Chief Bender and Ed. Rogers had their own ideas as to the disposition of young Joe. From the first it seems that the Philadelphia Athletics had the best claims on the young Chippewa.

If Graves makes good the baseball world will cry that here is another illustration of the phenomenal baseball luck of Connie Mack. But it isn't precisely that. The character of Connie has lots to do with it. His men love him and are tremendously loyal to him. They work for his interests as they work for their own. Therefore when Bender scented ability in his tribesman, he worked the string well to land Graves in the camp of the Athletics. If Bender had been unwillingly working for C.

"MICHAEL'S"

W. Murphy the case might have been different.

The Duluth fans will watch with exceeding interest the trial of Graves with the Athletics. Brainerd is quite near enough to excite local interest, and then before the announcement of the signing of Graves by the Athletics, there was considerable whispering about here of the curves and speed of a young Indian in the northern section of the state.

Wonderful Cough Remedy

Dr. King's New Discovery is known everywhere as the remedy which will surely stop a cough or cold. D. P. FARMERS ARE PROGRESSIVE

Crow Wing County Farmers are Installing Patent Silos at Their Farms

An evidence of the progressiveness as well as the prosperity of the farmers of this county is seen in their installation of patent silos for the preserving of ensilage.

W. W. Michael has introduced into the county a new silo which is put on the market at moderate cost and permits every farmer to erect his own silo. It is called the panel silo and has the advantage of never loosening up when empty, and being blown down in a heavy wind.

Among the farmers who have installed this kind of silo are P. M. Zakariassen, of the Cuyuna Stock Farm, and Mrs. John R. Britton on East Oak street. Mr. Zakariassen says his silo will pay for itself in two years.

SNOW-MELLOW is wonderful. It is so economical. Full directions come inside every package for making Meringue for Pies, Puddings, Custards, Floating Island—Fillings for Layer Cakes, Cream Puffs, Eclairs—Sauces for Puddings, and to use instead of cream for fruits, berries and cereals—Plain and Boiled Icing without eggs—Candies—Divinity Fudge, Marshmallows and Kisses—and many other dainty, special desserts for your family.

Here are some of these new desserts: Snow-Mellow Delight—Rainbow Leaf—Snow-Mellow Fruit Pudding—Snow-Mellow Pineapple Cream—Snow-Mellow Peach Cream—Snow-Mellow Orange Cream—Snow-Mellow Currant Whip—Snow-Mellow Apple Sponge—Floating Island—Mocha Charlotte Russe—Mock Macaroon Souffle—and more than a score of delightful new desserts for your family.

The lady in the picture here is holding up the spoon to show you that just one tablespoon of Snow-Mellow, costing only 4 cents, makes a bowlful of snowy, fluffy, thick, delicious meringue—more and better than you could make with 12c to 15c worth of eggs!

But to make this amazing quantity of delicious Snow-Mellow, you must use our Special Snow-Mellow Beater. And we will give you this Special Snow-Mellow Beater, 12 in. long, nickel plated—Absolutely free.

Snow-Mellow Saves Eggs! Saves Work!

So that you may use this wonderful, exquisite Snow-Mellow to save yourself the expense of eggs—so that you may delight your family with these many new Snow-Mellow desserts—you may have absolutely FREE one of these specially designed dessert beaters, which beats up a bowl full of delicious, snowy meringue from just one tablespoonful of Snow-Mellow.

So Economical!

We want to explain to you how we have arranged to make Snow-Mellow the most economical of desserts for your table. In business there is a certain "overhead" charge against each package—packing, wrapping, boxing, cartage, freight, delivery, etc. And here is how we solved the problem of making Snow-Mellow economical for you. The same "overhead" expense that pays for delivering a ten-cent package to you will pay for delivering five or six or seven times that quantity of Snow-Mellow if we put it all in one package, and that is what we have done.

Instead of putting only enough Snow-Mellow for one dessert in a package and charging ten cents—we put seven times that quantity—enough for seven desserts—in one package, and instead of charging you seventy cents, the price is only 25c—because we save for you the cost of packing and delivering the six extra packages. That is the only fair way. For after you once find how easy to make and how good to eat Snow-Mellow is—you will want to serve it in different desserts several times every week.

So go today, madam, to your grocer and get for your family this exquisite, wonderful Snow-Mellow.

FREE! Our Special Snow-Mellow Beater—which makes 4 cents' worth of Snow-Mellow go as far as 15c worth of eggs—is absolutely FREE to you! TALKS ON CORN AND ALFALFA PRODUCTION IN MINNESOTA WILL BE GIVEN AT WINTER SHORT COURSE FOR FARMERS AND WIVES.

The farmers' short course which is to be conducted here by the Minnesota Agricultural College, in co-operation with the local short course organization, is to pay considerable attention to the profitable production of corn and other field crops. Although chief attention will be given to corn raising, there will be many discussions on grain.

Minnesota is a great grain state especially with reference to wheat. Last year it led all states in the yield of corn per acre. An extraordinary amount of clover and alfalfa is to be planted this year. Yet it is imperative that more attention should be paid to the crops in order to make our large yields still larger. Only by taking every precaution against producing low yields of corn, grain and hay crops will the most be made out of farming as a business.

So it is that the short course instructors are planning to pay particular attention to corn and grain raising. Lectures will be given on all phases of corn growing. The selection, curing, and testing of seed corn will be given much emphasis. The preparation of the seed bed, cultivation of the crop, and other principles of corn growing will receive attention. Special equipment will be supplied to make the work practical.

A few lectures will be given on grain raising. Samples of grain will be judged, and the reasons for placing one sample over another will be considered. Crop rotation, with special reference to the systems best suited to the community, will be discussed. The raising of hays and clovers, especially alfalfa, will be treated by specialists. The treatment of grain for smut will be explained, and the equipment necessary to give the treatment will be shown.

The short course will open at 10 o'clock each morning and end at 4 o'clock each afternoon. Beginning at 10 o'clock there will be a lecture on field crops for one-half of the farmers, the other half being given a similar one at 11 o'clock. At 1 o'clock the work on field crops will be started again, in two divisions, lasting until 3 o'clock. There will then be a conference an hour long at which different problems pertaining to the farm will be discussed, such as potatoes, alfalfa, silos and poultry. This hour has been set aside to enable farmers to sum up the things passed over during the day, and bring forward anything they wish to have explained.

In addition to the field crops lectures, there will be another special course in live stock raising. A carload of cattle and horses will be brought by the college specialists to be used in illustrating the different types of stock found to be most profitable on the farm. Special attention will be paid to dairy and beef cattle, nearly all the breeds commonly raised being represented. Feeding, co-operative breeding and shipping, the housing of stock, and other allied problems will be considered. There will be another course for the farm women at which problems of the farm home will be taken up.

Obviously, it will not pay a single farmer in the locality to remain away from this short course. He may be able to pick up some ideas that will be worth hundreds of dollars to him in the management of his farm. For this reason it is expected there will be a very large attendance.

MUSIC AND DRAMA

The Grand

The Grand is still well to the front with the goods and are changing pictures every day. Tomorrow they have the first two reel comedy ever shown in Brainerd.

If you really enjoy something really funny don't miss this "Levi & Mc Guinness run for Office."

Tonight the "Governor's veto" is a 2 reel feature and one of the best Comedies for tonight are "Too many Cooks" and "Mike and Jake Live Close to Nature."

Columbia Program

A great crowd greeted the new show at the Columbia last night. Many of the shop boys, in fact everybody seemed greatly surprised to be met at the door by ushers dressed as switchmen carrying their red lanterns. A distinct novelty was the verdict and wide awake, progressive management. "The Switchman's Mistake" proved to be all that could be desired. The play is of foreign make with the greater part of its scenery taken in northern Italy. The plot is well handled by a very able company, and does not contain a moment of poor acting.

The orchestra was heard in a special program. The overture to "The Bohemian Girl" was given a masterly interpretation. The same show will be given tonight.

The Columbia wish to announce that for Wednesday and Thursday a wonderful play has been booked known as "The House of Discord." The prices will remain as usual.

"Alias Jimmy Valentine"

"Alias Jimmy Valentine" pleased the audience which witnessed the admirable production given at the Brainerd opera house on Sunday evening. This romantic play of the underworld was given a fine setting.

Especially good was the character work portrayed by Victor Lambert as Jimmy Valentine, ably supported by Jess Hale as Doyle, the fly cop, Harry Dixon as Red Jocelyn and Charles Hawkins as Bill Avery.

The scenery and accessories were of the high standard set by Jones & Crane. Paul Armstrong's play teaches that the reformation of a crook is sometimes retarded by the police practice of keeping tab on every unfortunate dismissed from prison, that a man honestly intending to reform is sometimes hounded to death and often loses employment.

A Poor Standard.

People seldom improve when they have no other model than themselves to copy after.—Goldsmith.

Tombstone in a Cage.

Very unusual is the story connected with an iron cage erected over the grave of an East Indian officer who was a keen big game hunter. He had the cage made so that by undoing the screws at the end it could easily be taken to pieces, and he utilized it for two purposes. On his tiger shooting expeditions he had it covered with green boughs, when it effectively concealed him from his quarry, while at night it covered him while he slept. The bars, however, were not sufficiently close to make him quite secure, and one night he was so badly mauled by a tiger that he died of blood poisoning.—London Strand Magazine

GIRLS! THICKEN AND BEAUTIFY YOUR HAIR

Bring Back its Gloss, Lustre, Charm and Get Rid of Dandruff—Try the Moist Cloth

To be possessed of a head of heavy beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine.

It is easy and inexpensive to have nice, soft hair and lots of it. Just get a 25 cent bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance; freshness, fluffiness and an incomparable gloss and lustre, and try as you will you cannot find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes—hair really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower; destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.—Adv.

Just Suits Her.

DR. KING'S NEW DISCOVERY Will Surely Stop That Cough.

IT'S A POOR ARGUMENT to say that if you save the premiums on fire insurance for a certain number of years you would have the face value of the policy. So you would if you lived long enough and had no fire in the meantime. But suppose you have a fire tonight, tomorrow or next month. Have you insured you first and do your fancy figuring afterwards.

WIN YOUR SPURS.

Young men talk of trusting to the spur of occasion. That trust is vain. Occasions cannot make spurs. If you expect to wear spurs you must win them. If you wish to use them you must buckle them to your own heels before you go into the fight. —James A. Garfield.
